SKILLS

- C++, JavaScript, Python, Git, GitHub, SQL
- Web Scrapping, Streamlit, Render

PERSONAL PROJECTS

AI-Powered News Scraper Project link

Developed a **web-based application** that automates **news scraping, summarization** using **Generative AI**.

- Automated News Scraping using **Requests** and **BeautifulSoup**.
- Interactive Web UI built with **Streamlit** for user-friendly navigation.
- AI-Powered Summarization using **Google Gemini API** to extract key insights.
- Secure API Management using **dotenv** for environment variable handling.

Image Text Extractor with AI Project link

Developed an OCR tool that converts imagebased text into editable Word documents.
Streamlining workflows for processing scanned documents and reducing processing time by **40+ hours** monthly

- Fetches the **Google Gemini AI key** to enable text extraction from images.
- Converts uploaded images into a format that AI can read.
- Uses **Gemini AI** to detect and extract text from images and shows the extracted text

AI-Powered Chatbot Project link

Interactive chatbot experience with persistent chat history and reliable **API** communication.

- Establishes a front-end interface for interaction using a **Streamlit** framework.
- Captures user-provided textual input and appends it to the maintained session history.
- Sends structured **HTTP POST** requests to a remote **Flask API** endpoint.
- Dynamically structures and presents exchanged messages, categorizing them based on sender identity.

Merge Game Project link

The **Merge Game** is a popular sliding puzzle where players combine numbered tiles to reach the **2048 tile.**

- Developed using **HTML, CSS**, and **JavaScript** featuring a grid layout tile movement in four directions.
- Utilized **JavaScript** for game logic and **CSS** for styling.

EDUCATION

National Institute of Technology| Haryana, India — Jan 2020 – Jun 2023
Master in Computer Applications — **CGPA 8.0/10**

Relevant Coursework: Object Oriented Programming, Databases, Machine Learning, Data Structures and Algorithms, Operating Systems.

LANGUAGES

English : *Professional Working Proficiency*
Hindi : *Full Professional Proficiency*
